

The reference event in Europe for the ecological transition and the circular and regenerative economy.

SAVE THE DATE!

8/11 November 2022
Rimini Expo Centre, Italy
JHY trip 8 – 10 November 2022

An international event with an innovative format that brings together all sectors of the circular economy on a single platform: from the recovery of materials and energy to sustainable development.

Running at the same time as Ecomondo is KEY ENERGY, the expo dedicated to renewable energies, smart cities and sustainable mobility.

THREE GOOD REASONS FOR VISITING:

- 1- To find concrete solutions for competitiveness and know the best practices for circular economy.
- 2- To meet the sector's key players and develop new business relationships on a international scale.
- 3- To keep informed about technologies, legislative aspects, development trends and new emerging markets.

THE KEY SECTORS:

- *Waste and Resources*: Integrated management and exploitation of waste and materials.
- *Reclamation and hydrogeological risk*: Redevelopment and reclamation of contaminated sites; prevention and management of environmental risk.
- *Circular bioeconomy*: Exploitation of organic waste, anaerobic digestion, bioenergy.
- *Integrated water cycle*: Integrated water cycle and infrastructures; pollutant analysis, measurement and control.

INFORMATION, TRAINING & FUTURE:

Ecomondo is the only platform in Europe to offer a wide program of conferences, workshops and seminars aimed at presenting evidence and new trends, both national and international, related to the circular economy applied to the different supply chains: construction, packaging, electronics, automotive.
